Simply Brilliant. Simply Affordable.

PROTECTION THAT LIVES ON
MICROBAN

IT'S SIMPLY ...

Brilliant and Affordable

Luxury Bath makes bathroom remodeling simple! Not only will your bathroom sparkle after our transformation, but you'll be amazed at the speed and affordability of our process. In fact, we can install a new shower, tub, surround and fixtures in as little as one day. Plus, all our acrylic surfaces are infused with Microban® to protect them against the damaging effects of bacteria, mold and mildew.

One company that is all that – simply brilliant!

Brilliant, Yet Affordable, Dream Baths

At Luxury Bath, we continually strive to meet your needs by delivering the best products in bathroom remodeling at remarkably affordable prices. Our message is simple. We beautify bathrooms by manufacturing and installing attractive, durable and low-maintenance bath remodeling products, enriching the lives of those we touch.

- Tub-to-shower conversions
- Replacement tubs and showers
- Walk-in bathtubs and low-barrier showers

Microban® is a registered trademark of Microban Products Company.

THE EXCLUSIVE Microban® System

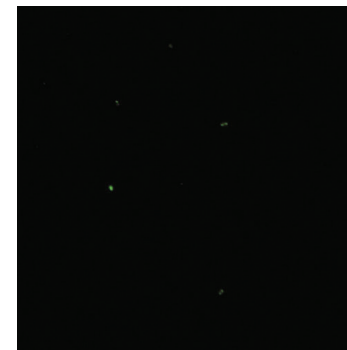

Built-in antimicrobial technology helps create cleaner, fresher and more durable products by protecting them against the damaging effects of bacteria, mold and mildew.

Products that stay cleaner and fresher last longer – reducing the environmental impact caused by frequent cleaning and product replacement.

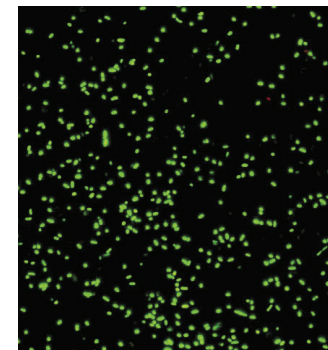

Microban® is infused into our surfaces, providing you with continual assurance that all Luxury Bath products will remain mold- and mildew-resistant. Microban protection is registered with the EPA for all applications and Microban additives are found in leading consumer and industrial products around the world.

Protection That Lasts

As seen in these microscopic images, Microban works on the surface, disrupting key bacterial cell functions so that the bacteria are unable to grow. On the unprotected surface, bacteria quickly multiply.

UPSCALE

Make a Lasting Impression

You'll be wowed by our exclusive Impressions Series! Using a patented process, we laser-etch three dimensional lines in contemporary patterns to create an upscale bath enclosure. You'll enjoy the look of granite, marble or ceramic tiles with the durability and clean-ability of low maintenance acrylic.

Impressions laser-etched line color is a white substrate except: Almond = almond; Biscuit = biscuit; Sandbar = sandbar; Gray = gray; Santa Cruz Granite = almond. Othello = black; Grayline = light gray substrate. London Fog = white substrate. (M) = matte finish on surface.
